From the New York Sun.

Mrs. George Fromm of 438 West

born on Sunday, and weighing eleven

of the child, although smaller than a

The features are regular, the eyes
bright and clear, and the skin is fine
and delicate. The arms are the thickness of an ordinary little finger, and
the fingers are the size of bxtra large
pencil leads. The nails, although not

George Fromm, the father, weighs 175 pounds. He is an ex-car driver on the Third Avenue road and out of work. They have been married eleven years and have had five other children, all of the ordinary height and weight. Physicians and others who have examined the tiny babe, already named Georgie, asy that he is considerably smaller than either of the midgets at the time of birth, and that if he lives he will take the paim as the smallest man in the world. The child is to be baptized two weeks from next Sunday in the German Protestant Episcopal Church, at Forty-third street, and Ninth Avenue, of which Mrs. Fromm is a member. The father said: "I hope the minister won't let him fall in the font. He'd drown in a beer mug, you know."

An adventurer, who professed to represent a New York trust company and to have millions under his control, purchased with his own notes mining property in Leadville exceeding \$2,000,000 in value. Before his notes fell due he disappeared.

Our morning contemporary says: A peculiar disease is reported in Reno. The patient gradually sinks into a death-like stupor, the extremities begin to mortify, but it still breathes. A little girl died of it

This is thrown out as an inducement for people from the outside to bring their children and come to the State Fair next week. We took an hour this morning and tried to find out semething about this dreadful disease, but without any discoveries. The doctors assured us that in the case of the little girl who died yesterday, there was nothing unusual or peculiar at all. She died from general debility owing to the digestive organs failing to perform their functions and assimi late food. There was nothing in the the shape of mortification of the extremities. The whole story is either a stupid mistake or a miserable attempt at wit.

EDITORIAL NOTES

It is not often that ministers are shot. Still more exceptional is it for a minister to be shot by his wife. Yet the Rev. Dexter L. The Entertainment To-Night.

Let no one forget the dramatic entertainment for the benefit of the Fpiscopal church at the Nevada Theatre this evening. It should be encouraged for two reasons. First, the object is a most commendable one, and second, the way it is being done is equally commendable. These dram atic representations, when properly done, are most profitable to all concerned. They develop fine literary qualifications which improve the tone of the whole community. A gentleman who witnessed the dress rehearsal less highly informs the Gazzarze that last night informs the GAZETTE that the acting is very fine, and that the whole programme is excellent.

Sacramento Notes.

Sacramento is visited this fall by fevers. A great many are sick.

The houses are being renumbered for the new postal delivery system. Each block begins at the hundred and goes as high as the lots to the next street. For instance, from Front to Second would be No. 1, the next 2, etc. Crossing Second, the lots would be 101, 102, etc.

The new depot will be finished in three weeks. A street car track is being put down on Second street from K to accommodate passengers.

No Danger.

There is nothing in the report in the Journal this morning that a peculiar disease was raging in Reno The town never was in a more healthy state. People who contemplate visiting the fair next week need have no hesitation about bringing their chil-dren and ladies. There is no danger of fever or disease of any kind, except the ordinary ills that flesh is heir to.
